Mariana Anastácio

Global Design Student

My name is Mariana Anastácio, and I'm 20 years old, born and raised in Lisbon, Portugal. I'm currently pursuing a bachelor's degree in Global Design at IADE Creative University. While I enjoy working in Graphic Design and Illustration, my true passion lies in 3D Modelling and Animation. This interest solidified after I worked on a Character Design project for Overwatch. Since then, I've been wanting to dive deeper into the gaming industry.
